### Answer to Madeira Bridge Quiz 1

West holds four trumps and if your first move is to draw a round of trumps, in either hand, you will go down! Four trump tricks, six diamond tricks and two aces will bring your total to only twelve. You need a heart ruff too and this ruff must be taken immediately, with dummy's low trump. You can then draw three rounds of trumps with the ace, king and jack. A club to the ace allows you to draw West's last trump with the queen. You can then enjoy six tricks from the diamond suit to make the grand slam.

Suppose instead that you led a trump to the ace at Trick 2, continuing with the trump king and discovering the 4-1 break. If you crossed to the club ace next, to ruff a heart low, the trump suit would be blocked and you would not be able to draw trumps. After this erroneous start you have to take the club finesse and would go down when West held the club king.

How will you play 6♥ when West leads the ♦K?  
(Answer on Daily Bulletin 2)

# Now what?...

By Rodrigo Martins Soares

Last night's warm-up tournament started warming very soon. If you played the boards in order you had a slam hand on your third board. (Carel and Wietske tell you about that one in their article.) Still recovering, you pick up this collection:

♠ A K 6 5 4  
♥  
♦ K Q 3  
♣ A J 6 4 3

Everyone is vulnerable and it goes Pass in your left, Pass from your partner and 1♠ from your Right Hand Opponent. Typical... When you finally get a decent hand you have no way to bid it! Now what?...

Whatever you do can go awfully wrong. And there are lots of possibilities. You may pass smoothly (my personal choice), but one pair that did so ended up playing 1♠ for -80 and only 10 of 30 Matchpoints. Double can bring you to a lot of trouble when partner bids a number of Hearts (and yes he will). Bidding clubs won't show your values, and it's such a weak suit. I even heard of a player who ventured a (slightly) off-shape 1NT !!(?). And if you think you have lots of choices look at all four hands and see your partner and opponents choices too:

♠ 9  
♥ A Q 10 5 4  
♦ J 10 9 8 5  
♣ 9 7

♠ 10 8  
♥ 8 7 6  
♦ 6 4 2  
♣ K Q 10 8 5

♠ Q J 7 3 2

♦ A 7

♠ A K 6 5 4

♣ A J 6 4 3

Yes, I know, I wouldn't pass with North's cards after Pass-Pass-1SP-Pass-Pass either, but still it won't be an easy auction. When partner re-opens with 2♥ what will you bid? Or did West bid 1NT? If so, did North bid 2♥ or even 2♠ showing Hearts and

a minor? You can always bash in with 3NT and hope it's the best place (and partner sits for it) What if you pass, LHO bids 1NT, partner passes and RHO bids 2♥? You're stuck again! Have you discussed with your partner what a double would mean now?

As you can see the only winning game is 3 NT by North. West has no entries so you can set up the diamonds, cash the ♣A and then end-play East in Spades to get your ninth trick with the ♥Q. East can only take 3 spades and the ♦A. However you would have to know a lot from East's shape to play it like that. But if either East introduced his Hearts or West his clubs you will know a lot. If you play it by South, though, West can beat it by leading a Heart - which may not be that easy in most auctions. The second best place is 5♦ by either North or South. That is only beaten by a trump lead, or else declarer may take his top tricks and cross-ruff the rest (taking care to ruff spades and not clubs with North's hand - it really doesn't matter if West discards his hearts for he won't be able to over-ruff South).

As you may have expected, the results from this board were all over the place - they ranged from +1400 to -300. After being played 16 times we got 13 different results, with almost as many different contracts being played. The Top for NS was for the Icelander ladies Hulda Hjalmarsdottir and Gudny Gudjonsdottir who got their local opponents 5 down in 4♥ Doubled. For EW the Local pair of Eduardo Fernandes e José Manuel Freitas sat for 3 clubs by South and got their Top with 3 undoubled downtricks. It's a nice decision for if they double 3♣ NS will probably escape to a better place.

# To preempt or not, that's the question.

By Carel Berendregt and Wietske van Zwol

Despite an undoubtedly tiring day of travel for many, still a lot of pairs took part in the warming up session on Monday evening. We decided not to play ourselves, which gave us the opportunity to witness what happened on the exciting board 3 at different tables.

Board 3.

EW Vul.

	♠ 9 6

	♦ 8 6 5 3

	♠ Q J 7 4 3		
	♥ 6 3		
	♦ Q J 10 7		
	♣ 10 8		

The first table that we watched it being played, south, the Icelander Jon Svenningsen, chose not to preempt with a weak two in spades at favourable vulnerability and passed. This gave west the chance to open a Precision 1♣. After a positive 2♣ by east, Jon judged that it was time now, to throw a little sand into the EW Precision machinery with 2♠. That didn't prevent EW to reach the excellent 6♣ contract. North duly led the nine of his partners suit, covered by the ten, Jack and Ace. Since the 2♠ overcall made it unlikely that a spade ruff would stand, trumps were drawn and the ♥8 was run to the Queen. A spade was for the King and west led a heart. When the six appeared he decided to give south some credits for his overcall and finessed again. One down for an almost complete zero.

At another table the board was played with the Dutch pair Cees & Ploni Nobel on the NS seats. One of the features in their bidding system is a Dutch variety of the Polish Two openings, the so called 'Muiderberg'. In this method an opening of two in a major suit shows a weak hand with a fivecard suit and at least four cards in an unspecified minor. It is often a strong weapon, but on this board it backfired. After 2♠ west elected to follow with 2NT and east immediately leaped to 6♣. Against 6♣ south led the obvious ♦Q and east of course didn't go for the spade ruff. Instead he pulled the trumps observing that south followed suit twice and ran the ♥8. A spade was continued by north taken with the King! This was necessary to preserve the entry to the hearts.

Next came a small ♥ and when south followed with the six a complete count was available. South had five spades, four diamond and he had followed suit in clubs twice. So east went up with the Ace and took the trump finessed over the ♥K. Well played!

But the most exciting result came from the table were the board was played with the Madeirian pair Jose A. Fernandes and Virgillio Mota on the EW seats. After an opening bid of 1♥ west responded 2♣ and eventually 6NT was reached. North doubled for a heart lead and south duly led his ♥6 for nine and Queen. This rectified the count for a double squeeze. The club continuation was taken by the Ace and reeling off the clubs resulted in the following ending:

♠ A 5	♠ 9 6	♠ K 10 8 2
♥ A J	♥ K 7	♥ 8
♦ A K 9	♦ 8 6 5	♦ 2
♣	♣	♣ 2

♠ Q J 7	<div style="background-color: black; color: white; padding: 5px; display: inline-block;">                 N W     E S             </div>	♠ K 10 8 2
♥ 3		♥ 8
♦ Q J 10		♦ 2
♣		♣ 2

The ♣2 was played and south could discard a heart and north a diamond. Now a heart squeezed south in diamonds and spades, so in fact a simple squeeze was at hand. But if north would have had a diamond less and the Jack of spades instead, he would, on the run of the ♦AK, also have been squeezed in Hearts and spades. A consolation for NS: The double didn't cost anything. 1440 instead of 1680 would also have been a full top for EW...
