

### 25th Madeira International Bridge Open

7th-13th November 2022

Thursday 10<sup>th</sup> November

## **Bulletin 3**

## O Lagar Welcomes Over 200 Revellers

A hard afternoon in the second round of the pairs saw Jerzy Skwark and Marek Blat move up from seventh position to take the lead with 61.50%, Olav Ellestad and Frederic Wilt maintained second place with 60.96%, and a startling second session saw Carlos Luiz and Nuno Paz rocket up from 45<sup>th</sup> place to be third with 60.80%. There is still a lot of bridge to play and an excellent session from someone in the peleton could easily upset the leaders.

Over 200 participants climbed aboard several buses to be whisked up to the O Lagar resaurant for the traditional Madeiran dinner where they enjoyed copious food and drink and traditional folklore dancing which the attendees joined in boisterously.

**Tomorrow morning are the optional excursions**. The coaches leave after 9.00 so please ensure you arise bright and early and do not miss the bus. There are some minor changes to departure times: The Boat Trip will now depart at 9.15 rather than 10.00; The Levada Walk will depart at 9.00 and not 9.45. There is no change to the North West Tour, that is still 9.30. If you have not yet booked and would like to do so then the Welcome desk will be happy to assist you. As always you will need your badge to be allowed onto the coach.

Inside your bulletin today you will find panels from IntoBridge with a challenge from Zia. Tomorrow we will have an indepth interview with one of the founders of this new company, where we will learn about what is available on their website. Furthermore, details of the prizes that are being offered for best bid and best play of the tournament will be revealed. To win one the hand details must be brought to the bulletin room.

All the results and the ongoing program of play are available on the website: www.bridge-madeira.com. You can use the QR code from your phone or tablet.

Thursday 10th November

## Optional Excursions Friday 11th November

Option A: **The North West** (full day, inc. lunch) coach leaves hotel 09.30

First stop Fanal, with its magical dancing forest and – depending on the weather – its looking-glass lake brim full. Next we descend towards Porto Moniz and the famous natural bathing pools; then Seixal and a 15-20 minute walk to one of the prettiest black beaches in Europe, with a magnificent vista from the varied shades of green of the mountains to the blue sea.

We take lunch at São Vicente at about 13.20, and will then visit the Volcanism Centre near the grottos of São Vicente (the caves are currently closed, but if they have reopened by November a guided tour will be included). We return to Funchal via Serra de Água where you may try a glass of poncha, a product of our island.

Arrive back at VidaMar at approximately 16.15.

Option C: **Catamaran** (limited availability)

coach leaves hotel 09.15

A relaxing trip along the south coast of Madeira, with a good chance of spotting whales and dolphins in all their magnificence and in their natural habitat. (3 hours).

Option B: **Levada Walk** (½ day, lunch included) coach leaves hotel 09.00

Our first stop will be Paúl da Serra, the widest and longest plateau on the island at 24km<sup>2</sup>. From here our walk along the wonderful Levada do Alecrim\* (the Rosemary Levada) will take about 2½ hours.

We will take lunch at São Vicente, on the island's north coast, and on the way back to Funchal will stop at the famous poncha bar at Serra de Água, where you may taste this popular and typical madeiran drink.

Return to VidaMar at approximately 15.30.

Please bring good walking shoes or boots, a warm coat (in case of low temperatures in the mountains) and a bottle of water. Grade: easy; Distance: 7 km; Duration: approximately 2¼ hours.

\*If the weather at Paúl da Serra is inclement, as it can be in November, we will head downhill and walk the Levada da Fajā da Ama (the Nursemaid's Cliff Levada) at São Vicente, near the Estrada das Ginjas (Cherry Road); the degree of difficulty is the same, but this levada is at a lower altitude.

Any of the Social Programme events and excursions may be purchased at the Welcome Desk

## Hors de Combat

Ron Tacchi

was hors de combat for the Warm Up Pairs, I was lying in my bed in an unhappy state. So to write an article about a set of boards in which I neither played nor watched I have resorted to examining the frequencies and finding boards where the differential between the top score and the bottom score is the greatest. The game is then to try and work out how these two scores came into being. Our first case is a mere difference of 1960

#### Board 5. Dealer North. N/S Vul.

The top score for N/S was  $6 \clubsuit$  and it seems that there are many sensible routes to this contract, though they may well have had to deal with some persistent intervention. Six pairs succeeded in reaching the top contract. That was the good side, what was the on the obverse of the coin? The answer is Four Hearts Doubled by East and made. One can make a case for the bidding as 1♣-1♥-X-4♥-P-P-X, though that would not be my choice. The next question is how was it made and I suspect the answer is that a club was led and ruffed in dummy. A spade from dummy will be taken by the defence and now they must set up a diamond ruff otherwise declarer is home by establishing the fifth spade. If the spade was won by North they may well have had a strong urge to cut down on ruffs by playing ace and another trump and that would have been fatal.

Our next effort ups the ante to 2100.

From the North side Four Hearts was the contract which does not seem too left field, however being successful after the lead of the king of diamonds does. How do we surmise that the contract succeeded. I suggest one possible answer was that West's card to trick one was misinterpreted by East who then switched to a club taken by West and when the diamond attack was continued, it gave up the contract and a score of 620. This means the E/W score must have been 1480 – an unusual score and devotees of the esoteric will know that is four of a major redoubled, vulnerable with an overtrick. So one can see that 4♠ is quite a likely contract and even countenance the Double but the Redouble shows a supreme level of confidence in partner, but who trusted who? The real question to ask now is how was the overtrick made after the lead of the jack of hearts. I can see two possibilities, the first being that South did not believe partner would underlead an ace and so let the jack pass and West gratefully took the gueen. The other possibility is that the jack held and North decided to cut down on ruffs in the dummy by playing ace and another trump.

Our final offering has a difference of 2130;

#### Board 25. Dealer North. E/W Vul.

It may surprise you that neither of the contracts reached the game level. The positive score for N/S came about when East played in 3♦ Doubled.

It was not a success, and when only four tricks were stacked in front of declarer 1400 was being written in the out column. We can speculate that the bid came about after West made a two-suited overcall after an initial 1♦-P-1♠ and then East made a 3♠ bid saying 'you choose', and when South doubled West believed that passing would get East to bid one of the round suits.

The good score for E/W came about when they were allowed to play in Three Hearts Doubled. Obviously some sort of two-suiter call was made by West as the final contract was played by East. On careful play the contract will succeed for a score of 730. On the actual diamond lead you must not take a second round to discard your losing spade for then you will lose trump control as you will be forced in diamonds, the winning line is to lead immediately a small trump to the ♥9, then you are in control and can establish your clubs. Normally you establish your side suit before tackling trumps but on this hand it is the other way round.

## The Abbot's Dream

Mark Horton

avid Bird is justly famed as a writer and BBO Commentator, well known in the latter capacity for his dislike of low-level contracts. With that in mind, this article is dedicated to David.

The opening session of the Pairs Championship was a slamfest! The opening deal gave a hint of what was in store:

#### Board 1. Dealer North. None Vul.

Six Diamonds is a poor contract, but with the ♥J10 coming down the pairs who bid it usually scored 185/7 (two declarers went down).

#### Board 2. Dealer East. N/S Vul.

If you take the right view in spades, you can score 12 tricks in clubs. Four pairs bid  $6\clubsuit$ , but only two of them recorded +920, scoring 191/1.

#### Board 4. Dealer West. All Vul.

Mike Reuser and Manuel Jesus R Madriñan bid the N/S cards to 6♦ and somehow emerged with 12 tricks (!) for +1370 and 192/0.

#### Board 6. Dealer East. E/W Vul.

West	North	East	South
Groot	Schipper	Wauters	Limmen
_	_	Pass	2♣*
Pass	2◆*	Pass	3♥*
Pass	4♣*	Pass	4NT*
Pass	5 <b>♠</b> *	Pass	7♥
All Dacc			

#### All Pass

2♦ Waiting 3♥ Sets hearts 4♣ Cue 4NT RKCB

5♠ 2 keycards +♥Q

Many pairs bid a grand slam, those scoring +1520

or +1510 collecting 182/10 and 168/24 respectively. However, a few went down.

How should you play?

One option is to cash all your red winners. That makes if the diamonds come in (a 60.9% chance) and still leaves you with squeeze chances (on the actual hand West is helpless, being squeezed by the last heart). Note that a spade lead does not alter anything. (If East has both black kings and West four diamonds headed by the jack the squeeze fails as East is discarding after dummy.)

You might leave the diamonds alone, cashing all your hearts and then either take the club finesse or hope for four diamond tricks.

At my featured table Nora Groot found the brilliant lead of the ♣9! Naturally declarer took dummy's ace, cashed the ♥Q, came to hand with a spade and cashed all his remaining hearts before taking a top diamond, crossing to dummy with the ◆A and playing a third round. When East followed with the ◆7 declarer 'knew' his last card was the ♣K and confidently played the ◆Q. West's devastating lead netted 188/4.

#### Board 7. Dealer South. All Vul.

If the bidding starts 1NT-2♥ and South breaks the transfer, North will at least investigate the possibility of a slam. As the cards lie you would be hard pressed to go down in 6♠, regardless of how you tackle the hearts (the optimum approach is to start with a low card towards the queen). Those who bid 6♠ received 166/26.

#### Board 8. Dealer West. None Vul.

West	North	East	South
Helleman	n Hardardottir	Tolle	Jakobsdottir
1♣*	<b>3</b> ♥	4NT*	Pass
5◆*	Pass	6♦	Double
All Pas	S		
1♣	3+♣		
4NT	Blackwood		
<b>5</b> ♦	One Ace		

After North's intervention Rolf Tolle decided he wanted to play in a slam, and asked for aces (not keycards, as no suit was agreed). When his partner admitted to one, he left North on lead. South made a gallant attempt by doubling, clearly saying that there might be a lead to beat it other than a heart. North duly led....the ♣8 and that was +1190 and 100%.

#### Board 9. Dealer North. E/W Vul.

No one bid 6♦ and hardly anyone playing in diamonds took 12 tricks. To do that you have to start with a diamond to the jack (it gives you an 87.6% chance of five tricks and here the appearance of the ten allows you to subsequently finesse the nine). +400 was 177/15 but even +170 was worth 146/46.

#### Board 16. Dealer West. E/W Vul.

If you reach 6♣ West needs to find a heart lead. +920 was 165/27.

At one table N/S bid 1 - 2 - 3 - 3 - 3 - 3NT-4 - 4 - 4 - 4 - 6 - 3 and West led a diamond, hoping East might be able to secure a ruff.

Elsewhere one East overcalled  $2 \diamond (!)$  and N/S had an accident, finishing in  $3 \diamond$ .

#### Board 18. Dealer East. N/S Vul.

When the bidding starts 1NT-Pass-2◆\* one option for North is to bid 2♥ for takeout. If East then bids 2♥ South's possibilities might be affected by systemic matters (of course South can always pass, and then consider the matter if North doubles). Three pairs bid 6♠, two going down, while the third was doubled and recorded +1540 giving us our third 100% result so far.

#### Board 20. Dealer West. All Vul.

After 1♣-1♠ what should North rebid?

The consensus at my morning review of the deals was that 3♣ was best, but my own view is that North should rebid 2♦. On the Kaplan-Rubens Hand Evaluator it rates 18.65!

Anyway, you want to reach  $6 \blacklozenge$ , which nets you at least 180.6/11.4.

If you were defending a diamond contract as East, and didn't cover the queen you gave declarer a guess on the next round for the overtrick.

If you covered it do you think declarer considered playing you for ◆K10 alone?

To my surprise, there were no further slams in the remaining six deals.

Perhaps today we will see a run of fascinating 1NT contracts – I'm sure David can hardly wait.

### **DATES FOR YOUR DIARY**

26<sup>th</sup> Madeira International Bridge Open 2<sup>nd</sup>-13<sup>th</sup> November 2023 (Main Events 6<sup>th</sup>-12<sup>th</sup> November)

## **Warm Up Pairs**

Ceri Pierce

onday saw over 100 pairs warming up ready for battle later in the week. Congratulations to the winners Julius Sigurjonsson and Simon Hult (North South) and Even Morken and Olav Ellestadh (East West).

I played in this with my friend from Lithuanian, Andrei Kavalenka, famed for his dedication to the Festival. It took him 40 days and 40 nights to get here and back again in 2020 when Covid restrictions made travelling very difficult, enduring 20 days of self-isolation in a hotel in Poland (ten each way). He has been here for several days now, but this was his first day at the bridge table, having spent his time so far enjoying the fantastic hiking and spectacular scenery on offer in Madeira.

Having attended Mark Horton's "Mark Your Cards" session this morning (which I can highly recommend), a common theme was the power of pre-empting. Pre-empting to the highest possible level as quickly as possible can make life very difficult for the opponents and of course the faster you arrive the less space the opponents have to find the correct contract and also the less likely they are to double.

This hand was really unlucky for the pre-emptors however.

#### Board 14. Dealer East. None Vul.

What would you open with the East hand? There are a number of options available;  $3 \diamondsuit$ ,  $4 \diamondsuit$ ,  $5 \diamondsuit$ , 3NT. All are valid bids. I think my choice would be 3NT showing a solid running suit - you do not mind playing at the four level and there is always

the chance that you will find partner with something tasty.

At our table, East opened 5♦. Now what do you do as South, You have two alternatives really double or 5♠, which you can afford as your spade suit is so good.

Either way, you are now unlikely to find out if a slam is available as opps have taken up all the space for you to explore. At the table I chose a double and we settled in 5.

Oh No, I thought (or some such similar words), we should be in six, losing only the ace of spades. So why was it unfortunate for the pre-emptors? The 5-0 heart break made the slam impossible to make as West always makes a trump trick and the ace of spades. Had we bid 6♠, that would also have gone off, because of the same 5-0 heart break but this time because West can give his partner a heart ruff at trick one. If he fails to do this (a diamond lead seems likely on the bidding) he will win the ace of trumps the moment declarer tries to draw them and still give his partner a heart ruff.

With five cards missing in the trump suit, the odds of a 3-2 break are 68%, a 4-1 break is 28%, and a 5-0 break is just 4%. Had North/South been left to their own devices bidding the 96% slam would have been a trivial matter, but they would have gone off. Unlucky for East/West despite their excellent 5 bid.

The East hand is quite interesting. As an aside, if North opens 1NT what would you do? Would you pre-empt? I once held a very similar hand with seven diamonds to the AKQJ in a top event. My options at favourable vulnerability seemed to be  $2 \blacklozenge$ ,  $3 \blacklozenge$ ,  $4 \blacklozenge$ ,  $5 \blacklozenge$ , Double or Pass? As opps were red I decided to lurk as I would be on lead against a NT contract, and could always sacrifice later if it seemed appropriate. I could not believe my luck whe, they bid to 3NT and I cashed the first seven tricks. I am not sure if this was the correct action to have taken - perhaps someone can tell me - but you cannot argue with success and 15 years later the player I passed against (a top Scottish International) asked me why oh why had I passed - she had never forgotten it.

Another example of the power of the pre-empt:

West made an aggressive 3♠ opening bid (not everyone's cup of tea, but it proved very effective), partner raised to 4♠. As South what do you do now? Once again, they have made your life difficult. You don't know if East has a weak or strong hand. The only thing you know is that your partner has not bid over 3♠. I think South is almost duty bound to either double or bid 4NT here. At the table I chose 4NT, hoping it emphasised the minor suits and no wish to penalise. Partner bid 5♥ instead of a minor with his six card heart suit. This will go one off and it is not too difficult for East to double it as the ace and king of trumps are normally good for two tricks and a third trick in the form of a diamond is very likely.

♣ AQ1093

As happens, at our table, East made the wrong decision and bid 5♠ which goes two off, losing three clubs and a diamond. Two points spring to mind. Firstly, it is often the case that if you think you can make 11 tricks (as East was hoping), it is unlikely that your opponents will make their contract, so doubling is usually a safe bet. Secondly there is that old adage 'the five level belongs to the opponents'. Had East heeded this then they would have netted a plus score instead of a minus. Note that although 4♠ does not make either, it keeps the opponents out of their making 4♥ contract (although it is admitted that it is not an easy one to bid - but if bridge was an easy game, we would not be playing it!).

Marcek Winkel sent me this hand from the Open Pairs Session 1

At one table West opened, non-vulnerable, with a heavy 3♣. Never bid weak over weak, is an old bridge saying, that maybe should be revised. North just came in with 3♥ and after 4♦ by East, South had an automatic 4♥ bid. West had some extra values for his previous bid and supported diamonds. That ran to South who insisted on hearts, so 5♥ was the final contract, doubled by East. East led his highest club and declarer did not take long to ruff the second round and start ruffing diamond in dummy and clubs in his hand. That gave East the opportunity to let go of one of his spades whereafter declarer ended up two down for a poor score of 38,43%.

After ruffing the second round of clubs, all declarer had to do is play a small heart. E/W cannot now find a way to defeat the contract. If East ducks the heart, declarer will ruff the third round of spades to play another heart: curtains. After an initial diamond lead, declarer seems to have more troubles, but that is not true. He ruffs in dummy and ruffs the third spade high in his hand to ruff a second diamond. He repeats this exercise once more. If East wants to over ruff one of these spades to play a trump, there will be a doubled overtrick, since dummy has a few spare spades to play, when all trumps are gone.

Willem and Inez van Eijck tackled this hands way better. First of all Inez opened 1♣, as all players should do if they want partner to bid any game. After 3♥ Willem choose to bid a practical 3NT. After 4♥ behind him by Rob van den Bergh, Willem bidone more time in NT: 4NT. That silenced everyone. His bravery was rewarded when Inez had the spade guard and all Van den Bergh could do is cash two tricks in that suit before Van Eijck could claim the rest of the tricks for a gigantic 78,44% score.
